All significant inter-company balances and transactions have been eliminated in consolidation.

## GENERAL

The accompanying condensed consolidated financial statements included in this report have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC") for interim reporting and include all adjustments (consisting only of normal recurring adjustments) that are, in the opinion of management, necessary for a fair presentation. These condensed consolidated financial statements have not been audited. The results of operations for the three months ended March 31, 2013 are not necessarily indicative of the operating results for the full year.

Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") have been condensed or omitted pursuant to such rules and regulations for interim reporting. The Company believes that the disclosures contained herein are adequate to make the information presented not misleading. However, these financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report for the year ended December 31, 2012, which is included in the Company's Form 10-K. Certain amounts for the prior year have been reclassified to conform to the current year presentation.

#### GOING CONCERN

The accompanying unaudited condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. At March 31, 2013, the Company had current assets of \$1,139,221, current liabilities of \$1,623,063, and a working capital deficit of \$483,842. The Company incurred a loss of \$737,843 during the three months ended March 31, 2013 and had an unrealized loss from available-for-sale securities of \$23,764 and foreign currency translation gains of \$13,516, resulting in a comprehensive loss of \$748,091.

The Company's corporate general and administrative expenses was approximately \$730,000 in the first quarter of 2013 and averaged approximately \$650,000 per quarter during 2012. In March 2013, the Company closed its investment management business. Effective October 1, 2011, the Company acquired majority control of the restaurants in South Africa and began consolidating these operations. In August 2012, the Company opened a restaurant in Budapest, Hungary, and shares 80% of the profits. The Company also shares 49% of the profits in its Hooters restaurant which was opened in January 2012 in Campbelltown, Australia, a suburb of Sydney.

In addition, the Company has a note with a balance at March 31, 2013 of \$234,121 owed to its bank which is due in August 2013. In April 2013, the Company secured a \$500,000 line of credit. The Company's South African subsidiaries have bank overdraft and term facilities of \$235,902. The Company plans to continue to use limited partnerships, if necessary, to fund its share of costs for additional Hooters restaurants.

On January 31, 2013, the Company settled outstanding liabilities of approximately \$170,000 from a South African bank, previously presented in our consolidated balance sheets in "other liabilities". Upon making a payment of approximately \$99,000, the Company received a release from all other bank liabilities, resulting in a total gain on extinguishment of debt of approximately \$71,000, which is presented in our financials as other income.

The Company expects to meet its obligations in 2013 with some or all of the following:

- The Company received \$100,000 in January 2013 as a fee for its CEO to be a board member of Hooters of America and expects to continue to receive this fee for the next three years based on the current agreement;
- · Borrow, if and to the extent available, additional funds;
- · Form joint ventures or other financing vehicles.

There is no assurance that these events will occur or the company will be able to raise sufficient capital. Therefore, substantial doubt about the Company's ability to continue as a going concern exists. These consolidated financial statements do not reflect any adjustments that might result from the outcome of these uncertainties.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

There have been no material changes to our significant accounting policies previously disclosed in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

#### LOSS PER COMMON SHARE

The Company is required to report both basic earnings per share, which is based on the weighted-average number of common shares outstanding, and diluted earnings per share, which is based on the weighted-average number of common shares outstanding plus all potentially dilutive shares outstanding. For the three months March 31, 2013 and March 31, 2012, the number of common shares potentially issuable upon the exercise of certain warrants of 5,001,458 and 2,557,008, respectively, have not been included in the computation of diluted EPS since the effect would be antidilutive. Accordingly, no common stock equivalents are included in the loss per share calculations and basic and diluted earnings per share are the same for all periods presented.

## **RECENT ACCOUNTING PRONOUNCEMENTS**

On February 5, 2013, the FASB issued Accounting Standard Update No. 2013-02, Comprehensive Income (Topic 220): Reporting of amounts reclassified out of Accumulated Other Comprehensive Income. The standard was intended to improve the reporting of reclassifications out of accumulated other comprehensive income of various components. The amendments in this update were effective for annual and interim periods beginning after December 15, 2012. The adoption of ASC No. 2013-12 did not have a material impact on the Company's Consolidated Financial Statements.

There are several new accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") which are not yet effective. Each of these pronouncements, as applicable, has been or will be adopted by the Company. At April 30, 2013, none of these pronouncements are expected to have a material effect on the financial position, results of operations or cash flows of the Company.

## **3. DISCONTINUED OPERATIONS**

**Chanticleer Investors LLC** - The Company sold 1/2 of its investment in Investors LLC in May 2009, which reduced its ownership from 23% to 11.5%. Accordingly, in May 2009, the Company discontinued accounting for this investment using the equity method and began to account for the investment using the cost method. In December 2010, the Company sold an additional \$75,000 of its investment at cost.

On April 18, 2006, the Company formed Investors LLC and sold units for \$5,000,000. Investors LLC's principal asset was a convertible note in the amount of \$5,000,000 with Hooters of America, Inc. ("HOA"), collateralized by and convertible into 2% of Hooters common stock. The original note included interest at 6% and was due May 24, 2009. The note was extended until November 24, 2010 and included an increase in the interest rate to 8%.

The Company owned \$1,150,000 (23%) of Investors LLC until May 29, 2009 when it sold 1/2 of its share for \$575,000. Under the original arrangement, the Company received 2% of the 6% interest as a management fee (\$25,000 quarterly) and 4% interest on its investment (\$11,500 quarterly). Under the extended note and revised operating agreement, the Company received a management fee of \$6,625 quarterly and interest income of \$11,500 quarterly until it was repaid in January 2011.

On January 24, 2011, Investors LLC and its three partners combined to form HOA Holdings, LLC ("HOA LLC") and completed the acquisition of HOA and Texas Wings, Inc. ("TW"). Together HOA LLC has created an operating company with 161 company-owned locations across sixteen states, or nearly half of all domestic Hooters restaurants and over one-third of the locations worldwide.

Investors, LLC had a note receivable in the amount of \$5,000,000 from HOA that was repaid at closing. Investors LLC then invested \$3,550,000 in HOA LLC (approximately 3.1%) (\$500,000 of which was the Company's share). One of the investors in Investors LLC that owned a \$1,750,000 share is a direct investor in HOA LLC and will now carry its ownership in HOA LLC directly. In July 2012, the Company acquired an additional interest of \$300,000, at cost, from one of the partners for cash, which increased our ownership to approximately 22% of Investors LLC as of December 31, 2012.

Based on the current status of this investment, the Company does not consider the investment to be impaired.

**EE Investors, LLC** -On January 26, 2006, we acquired an investment in EE Investors, LLC with cash in the amount of \$250,000. We acquired 1,205 units (3.378%) in EE Investors, LLC, whose sole asset is 40% of Edison Nation, LLC (formerly Bouncing Brain Productions, LLC). Edison Nation was formed to provide equity capital for new inventions and help bring them to market. The initial business plan included developing the products and working with manufacturers and marketing organizations to sell the products. This has evolved into a less hands-on program which involves selling products with patents to other larger companies and retaining royalties. Edison Nation has now reached cash flow break-even, and in addition has been retained by a number of companies for which they do product searches to supplement its business. Edison Nation plans to repay the majority of its debt in 2013 and expects to subsequently begin making distributions to its owners. Based on the current status of this investment, the Company does not consider the investment to be impaired.

The Company has engaged outside South African tax experts in September 2012 to assist with compliance with Value Added Tax (VAT), payroll taxes, and income taxes in South Africa. A voluntary disclosure agreement has been submitted and the Company is awaiting contact from the South African governmental agency. As of March 31, 2013, \$363,228 has been accrued and is included in accounts payable and accrued expenses in our condensed consolidated balance sheet.

In connection with the acquisition of the business as described in Note 3 (whereby, on October 1, 2011, Rolalor (Pty.) Ltd., Alimenta 177 (Pty.) Ltd. and Labyrinth Trading (Pty.) Ltd. transferred their respective net assets to the newly formed entities controlled by the Company), the Company believes the purchase and sale with the seller was accomplished in accordance with the laws and regulations of the taxing authorities in South Africa. However, there can be no absolute assurance as to whether the business acquired continues to have any outstanding tax and regulatory filing requirements, as well as whether the local authorities could seek to recover any unpaid taxes or other amounts due from the Company, its shareholders or others. The Company is not aware of any existing obligations that remain outstanding for which the Company may be required to settle. In connection with acquiring the net assets of the business, the Company may be entitled to be reimbursed by the seller for any pre-acquisition obligations of the business that may arise, post-acquisition.

In addition, the Company has not filed certain corporate income tax returns for previous years, which could potentially result in penalties upon filing these returns.

## 14. DISCLOSURES ABOUT FAIR VALUE

Assets and liabilities measured at fair value on a recurring basis are summarized in the following tables according to FASB ASC 820 pricing levels.

| Available-for-sale securities | \$ 56,949  | <u>\$ 55,449</u> | <u>\$ 1,500</u> | <u>\$</u>  |

At March 31, 2013 and December 31, 2012, the Company's available-for-sale equity securities were valued using Level 1 and Level 2 inputs as summarized above. Level 1 inputs are based on unadjusted prices for identical assets in active markets that the Company can access. Level 2 inputs are based on quoted prices for similar assets other than quoted prices in Level 1, quoted prices in markets that are not yet active, or other inputs that are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets.

The Company does not have any investments that are measured on a recurring basis using Level 3 inputs.

Certain assets are not carried at fair value on a recurring basis, including investments accounted for under the equity and cost methods. Accordingly, such investments are only included in the fair value hierarchy disclosure when the investment is subject to re-measurement at fair value after initial recognition and the resulting re-measurement is reflected in the consolidated financial statements.

See Note 4 for further details of the Company's investments.

#### **15. SUBSEQUENT EVENTS**

On April 11, 2013 (the "Closing Date"), Chanticleer Holdings, Inc. and Paragon Commercial Bank ("Paragon") entered into a credit agreement (the "Credit Agreement"). The Credit Agreement provides for an additional \$500,000 revolving credit facility with a one (1) year term from the Closing Date. This increases the Company's obligation to Paragon to a total of approximately \$734,000, including a prior note payable's current outstanding balance of approximately \$234,000. The Credit Agreement is available to be drawn at the Company's discretion to finance investments in new business ventures and for the Company's general corporate working capital requirements in the ordinary course of business. As of May 9, 2013, the Company has drawn \$130,000 on the revolving credit facility. The note payable expires on August 10, 2013, whereas the new credit facility expires on April 10, 2014.

Borrowings under the Credit Agreement bear monthly interest at the greater of: (i) floor rate of 5.00% or (ii) the Wall Street Journal's prime plus rate (currently 3.25%) plus 1.00%. All unpaid principal and interest are due one (1) year after the Closing Date. Any borrowings are secured by a lien on all of the Company's assets. The obligations under the Credit Agreement are guaranteed by Mike Pruitt, the Company's Chief Executive Officer.

On April 22, 2013, the Company issued 4,000 shares of the Company's common stock in exchange for investor relations services to be performed over a 12 month period, valued at \$7,720.

## 16. RESIGNATION OF SOUTH AFRICAN CHIEF FINANCIAL OFFICER

On September 7, 2012, the audit committee of Chanticleer Holdings, Inc. (the "Company"), upon recommendation of the Company's management determined that the Company's Consolidated Financial Statements for its fiscal year ended December 31, 2011 as originally filed in the Form 10-K could no longer be relied on. The Company determined that the Financial Statements of Kiarabrite (Pty) Ltd., Dimaflo (Pty) Ltd., Tundraspex (Pty) Ltd., Civisign (Pty) Ltd., Dimalogix (Pty) Ltd., and Chanticleer & Shaw Foods (Pty.) Ltd. (collectively referred to as the "South Africa Operations") which are the South Africa management company and the four entities organized for the stores we operate in South Africa and the company that owns the HOA franchise rights for the territory of South Africa, were not audited as the Company was led to believe. Accordingly, this Amendment is being filed to include the report of the independent registered public accounting firm responsible for performing the audit of our South Africa Operations. The following tables reflect the items which changed as a result of the restatement and includes the balances as previously reported, the adjustments and the restated balance.

On September 7, 2012, the Company's South African Chief Financial Officer ("SA CFO") resigned. It was determined that the SA CFO had committed certain illegal acts, fraud and certain misrepresentations of facts. Due to the SA CFO's actions, certain taxes were not paid. In addition, the applicable tax forms were not filed during the proper periods. The Company has engaged tax experts to assist in the tax process. The Company also discovered approximately \$128,000 (net of repayments of approximately \$50,000) and approximately \$85,000 (net of repayments of approximately \$43,000) of cash that was misappropriated by the SA CFO during the periods ended March 31, 2013 and December 31, 2012, respectively (presented as "other receivable" on the Company's combined balance sheets). As of March 31, 2013, approximately \$50,000 has been recovered by the Company and payment plans are in place for the remainder.

#### ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

## FORWARD-LOOKING STATEMENTS

Certain statements contained in this report that are not historical fact are "forward-looking statements" as that term is defined in the Private Securities Litigation Reform Act of 1995. The words or phrases "will likely result," "are expected to," "will continue," "is anticipated," "believes," "estimates," "projects" or similar expressions are intended to identify these forward-looking statements. These statements are subject to risks and uncertainties beyond our reasonable control that could cause our actual business and results of operations to differ materially from those reflected in our forward-looking statements. The safe harbor provisions provided in the Securities Litigation Reform Act do not apply to forward-looking statements we make in this report. Forward-looking statements are not guarantees of future performance. Our forward-looking statements are based on trends which we anticipate in our industry and our good faith estimate of the effect on these trends of such factors as industry capacity, product demand and product pricing. The inclusion of projections and other forward-looking statements should not be regarded a representation by us or any other person that we will realize our projections or that any of the forward-looking statements contained in this prospectus will prove to be accurate.

#### Management's Analysis of Business

We have changed our focus recently from managing investments to owning and operating Hooters franchises internationally. Hooters restaurants are casual beach-themed establishments with sports on television, jukebox music, and the "nearly world famous" Hooters Girls. The menu consists of spicy chicken wings, seafood, sandwiches and salads. Each locations menu can vary with the tastes of the locality it is in. Hooters began in 1983 with its first restaurant in Clearwater, Florida. From the original restaurant and licensee Mr. Robert Brooks, Hooters has become a global brand, with locations in 44 states domestically and over 430 Hooters restaurants worldwide. Besides restaurants, Hooters has also branched out to other areas, including licensing its name to a golf tour and the sale of packaged food in supermarkets.

We expect to either own 100% of the Hooters franchise or partner with a local franchisee in the countries we target. We based this decision on what we believe to be the successful launch of our South African Hooters venture and believe we have aligned partners and operators in various international markets. We are focused on expanding our Hooters operations, and expect to use substantially all of our capital in South Africa, Brazil, Hungary, Australia and Europe.

Accordingly, we operate in two business segments; Hooters franchise restaurants and our legacy investment management and consulting services businesses.

#### LIQUIDITY AND CAPITAL RESOURCES AND GOING CONCERN

#### Historical information:

The accompanying unaudited condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. At March 31, 2013, the Company had current assets of \$1,139,221, current liabilities of \$1,638,713, and a working capital deficit of \$483,842. The Company incurred a loss of \$737,843 during the three months ended March 31, 2013 and had an unrealized loss from available-for-sale securities of \$23,764 and foreign currency translation gains of \$13,516, resulting in a comprehensive loss of \$748,091.

The Company's corporate general and administrative expenses was approximately \$730,000 in the first quarter of 2013 and averaged approximately \$650,000 per quarter during 2012. The Company expects costs to increase as we expand our footprint internationally in 2013. In addition, as announced in March 2013, the Company will close our investment management business, which we believe will save us approximately \$50,000 per quarter starting fully in the third quarter of 2013. Effective October 1, 2011, the Company acquired majority control of the restaurants in South Africa and began consolidating these operations. In August 2012, the Company opened a restaurant in Budapest, Hungary, and shares 80% of the profits. The Company also shares 49% of the profits in our Hooters location opened in January 2012 in Campbelltown, Australia, a suburb of Sydney.

In addition, the Company has a note with a balance at March 31, 2013 of \$234,121 owed to its bank which is due in August 2013. In April 2013, the Company secured a \$500,000 line of credit. The Company's South African subsidiaries have bank overdraft and term facilities of \$235,902. The Company plans to continue to use limited partnerships, if necessary, to fund its share of costs for additional Hooters restaurants.

On January 31, 2013, the Company settled outstanding liabilities of approximately \$170,000 from a South African bank, previously presented in our consolidated balance sheets in "other liabilities". Upon making a payment of approximately \$99,000, the Company received a release from all other bank liabilities, resulting in a total gain on extinguishment of debt of approximately \$71,000, which is presented in our financials as other income.

The Company expects to meet its obligations in 2013 with some or all of the following:

- The Company received \$100,000 in January 2013 as a fee for its CEO to be a board member of Hooters of America and expects to continue to receive this fee for the next three years based on the current agreement;
- · Borrow, if and to the extent available, additional funds;
- Form joint ventures or other financing vehicles.

If the above events do not occur or if the Company does not raise sufficient capital, substantial doubt about the Company's ability to continue as a going concern exists. These consolidated financial statements do not reflect any adjustments that might result from the outcome of these uncertainties.

#### Evaluation of the amounts and certainty of cash flows:

The Company has used short-term financing to meet the preliminary requirements of its planned expansion, principally in South Africa, Europe and Australia. If the Company is unable to obtain necessary additional funding, the Company would be required to limit its expansion plans. We would use limited partner funding and other sources of capital to the extent necessary to attempt to fund as much of the planned expansion as possible. There can be no assurance that any of this funding will be available when needed.

## Cash requirements and capital expenditures:

In 2013, we expect to open one restaurant in each of the following countries or continents – Australia, Brazil, Europe and South Africa. The Company expects the total cash requirements for these restaurants to be approximately \$3.3 million, of which approximately \$650,000 has been paid as of March 31, 2013.

In addition, we expect general and administrative expenses to be approximately \$2.6-\$2.8 million for 2013.

#### Discussion and analysis of known trends and uncertainties:

The World economy has been in a state of flux for some time with the debt problems of a number of countries in Europe, the recent recession in the United States, the significant increase to debt in the United States compounded by continuing to give away more than can reasonably be collected, the slowing economy in China and other factors. It is impossible to forecast what this will mean to our expansion plans in South Africa, Brazil, Australia, Poland and Hungary. We feel that we minimize our risks through investment in different geographical areas.

Expected changes in the mix and relative cost of capital resources:

Since the middle of 2010, the Company has utilized high cost capital to finance its international growth. The Company hopes to eliminate the majority of this debt with new equity and further, to use this equity to complete its expansion plans over the next two years.

Other prospective sources for and uses of cash:

If the Company is unable to obtain sufficient funding, it will seek other sources of interim funding to maintain its current operations and complete the restaurants already underway.

If the above events do not occur or the Company is unable to develop its business model, substantial doubt about the Company's ability to continue as a going concern exists.

## **RESULTS OF OPERATIONS**

#### Comparison of three months ended March 31, 2013 and 2012

#### Revenue

Revenue amounted to \$1,667,122 in the three months ended March 31, 2013 and \$1,412,495 in the year earlier period.

Restaurant sales, net for our four locations in South Africa (one location opened to the public on February 17, 2012) amounted to \$1,436,037 in the three months ended March 31, 2013 and \$1,387,495 in the year earlier period. Restaurant sales, net for our Budapest location amounted to \$206,085 in the three months ended March 31, 2013 and was not opened until August 2012.

Revenues for the management business for the three months ended March 31, 2013 and March 31, 2012, amounted to \$25,000 in each period.

#### Restaurant cost of sales

Restaurant cost of sales amounted to \$627,888, or 38.2% of restaurant net sales in the three months ended March 31, 2013 and \$581,551, or 41.9% of restaurant net sales in the year earlier period. We expect the percentage to remain approximately the same in 2013 as we expand our business internationally.

#### Restaurant operating expenses

Restaurant operating expenses amounted to \$980,155, or 59.7% of restaurant net sales in the three months ended March 31, 2013 and \$769,332, or 55.4% of restaurant net sales in the year earlier period. We expect the percentage of operating expenses to restaurant net sales to decline as we open more Hooters locations, however we have a limited history to be able to forecast a range.

#### Restaurant pre-opening expenses

Restaurant pre-opening expenses amounted to \$40,721 incurred for the opening of our location at the Emperor's Palace Casino in Johannesburg, South Africa in February 2012. We did not incur any pre-opening costs in the first quarter of 2013.

## General and Administrative Expense ("G&A")

G&A amounted to \$729,678 in the three months ended March 31, 2012 and \$449,659 in the year earlier period. The more significant components of G&A are summarized as follows:

|                                       | 2013 | 3       | 2012       |  |
|---------------------------------------|------|---------|------------|--|
| Professional fees                     | \$   | 208,133 | \$ 83,728  |  |
| Payroll and benefits                  |      | 235,690 | 166,615    |  |
| Consulting and investor relation fees |      | 153,333 | 118,597    |  |
| Travel and entertainment              |      | 17,098  | 41,661     |  |
| Shareholder services and fees         |      | 22,163  | 112        |  |
| Other G&A                             |      | 93,261  | 38,946     |  |
|                                       | \$   | 729,678 | \$ 449,659 |  |

G&A costs are expected to range from \$600-\$700,000 per quarter for the remainder of 2013, with the costs associated with the activities of the restaurant business continuing to grow. Revenue from the restaurants is expected to exceed this increase in expense.

Professional fees increased \$124,405 as a result of the Company expanding it's operations both domestically and internationally.

Payroll and benefits increased \$69,075 from 2013 from 2012 primarily from the addition of restaurant management personnel in Hungary in the third quarter of 2012 and additional corporate staff in our head office.

Consulting and investor relations fees increased \$34,736 from 2013 to 2012 as the Company engaged experienced personnel to startup our European subsidiary and Brazil operations and to increase the Company's recognition in the investment arena. Non-cash fees for services were \$647 and \$0 in 2013 and 2012, respectively. Non-cash amortization of warrant expense for services were \$25,910 and \$23,495 in 2013 and 2012, respectively.

Travel and entertainment decreased \$24,563 from 2013 to 2012 as Company personnel, primarily the CEO, had traveled extensively in the first quarter of 2012 to increase our company awareness and lockdown financing and partners for the restaurant locales.

#### Depreciation and amortization

Depreciation expense for the three months ended March 31, 2013 and 2012 amounted to \$109,091 and \$76,265, respectively. The restaurant segment for the three months ended March 31, 2013 and 2012 amounted to \$106,091 and 74,075, respectively, and the management business amounted to \$2,190 and \$2,190, respectively.

Amortization expense for the three months ended March 31, 2013 and 2012 for the restaurant businesses related to franchise fees was \$5,133 and \$3,759, respectively.

## **OTHER INCOME (EXPENSE)**

Other income (expense) consisted of the following at March 31, 2013 and 2012:

|  | 2013        | 2012         |
|--|-------------|--------------|
| Other income (expense):                    |             |              |
| Equity in earnings (losses) of investments | \$ (14,247) | \$ (10,538)  |
| Gain on extinguishment of debt             | 70,900      | -            |
| Interest expense                           | (36,943)    | (185,110)    |
| Miscellaneous income                       | 2,562       | -            |
|  | \$ 22,272   | \$ (195,648) |

#### Equity in Earnings of Investments

Equity in earnings of investments includes our share of earnings from investments in which we own at least 20% and are being accounted for using the equity method. This included losses from the Hoot Campbelltown partnership in the three months ended March 31, 2013 and 2012 of \$14,247 and \$10,538, respectively.

#### Gain on extinguishment of debt

Gain on extinguishment of debt of \$70,900 was recorded upon settlement of certain debts related to our South African subsidiary.

#### Interest Expense

Interest expense decreased by \$148,167 in 2013 from 2012, due to the payoff of primarily all our prior debt with the completion of our secondary raise in June 2012.

#### Income (loss) from discontinued operations

Income from discontinued operations was \$9,468 for the three months ended March 31, 2013 and loss from discontinued operations was \$61,863 for the three months ended March 31, 2012. The primary reason for the decrease in loss was management fee income earned of \$61,793 for the three months ended was March 31, 2013 compared to \$0 in the year earlier period.

#### ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

## **ITEM 4: CONTROLS AND PROCEDURES**

#### Evaluation of disclosure controls and procedures

Under the PCAOB standards, a control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention by those responsible for oversight of the company's financial reporting. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (Exchange Act), as of March 31, 2013. Our management has determined that, as of March 31, 2013, the Company's disclosure controls and procedures were not effective.

## Management's report on internal control over financial reporting

Management Responsibility for ICOFR. Management is responsible for establishing and maintaining effective internal control over financial reporting, as defined in Rule 13a-15(f) under the Exchange Act. The Company's internal control over financial reporting is designed to provide reasonable assurance to the Company's management and Board of Directors regarding the preparation and fair presentation of published financial statements in accordance with the United States' generally accepted accounting principles (US GAAP), including those policies and procedures that: (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and disposition of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with US GAAP and that receipts and expenditures are being made only in accordance with authorizations of management and directors of the Company; assets that could have a material effect on the financial statements. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement prevation and presentation.

<u>Management's Evaluation of ICOFR</u>. Management evaluated our internal control over financial reporting as of March 31, 2013. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in *Internal Control — Integrated Framework*. As a result of this assessment and based on the criteria in this framework, management has concluded that, as of March 31, 2013, our internal control over financial reporting was not effective due to material weaknesses in our Company's South African subsidiaries.

In September 2012, the Company's management became aware that the financial statements of the Company's South African subsidiaries for the fiscal year ending December 31, 2011, had not been audited. On September 7, 2012, the Company's chief financial officer of the South African subsidiaries resigned. The Company initiated an investigation of the circumstances surrounding the foregoing in October 2012, led by the Audit Committee. The Audit Committee engaged independent legal counsel and a certified public accounting firm to consult the Audit Committee in connection with the investigation. Among other findings, the investigation discovered that the chief financial officer of the South African subsidiaries had misappropriated approximately \$128,000 of cash from the entities between October 2011 and the date of his resignation. The Audit Committee determined the following material weaknesses existed in its South African subsidiaries, which enabled the foregoing events to occur: (i) insufficient financial and accounting functions; (iii) failure to segregate duties within the financial and accounting functions.

## **Changes in Internal Control over Financial Reporting**

As a result of the investigation into the Company's South African subsidiaries financial and accounting functions as set forth above, the Audit Committee made several recommendations to the Board to address the identified material weaknesses in Company's internal control over financial reporting. During the fourth quarter of 2012, the Company implemented the following changes to its internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting: (i) hired a new chief financial officer for its South African subsidiaries; (ii) hired an in-house general counsel; (iii) improved its segregation of duties; and (iv) adopted and implemented new written policies and procedures for accounting and financial reporting, but not limited to, policies and procedures related to: (a) documentation and testing; (b) data validation from the Company's systems into its general ledger; (c) testing of systems; (d) validation of results; (e) disclosure review; and (f) other analytics.
