About the Meeting

Why are we calling this Annual Meeting?

We are calling the Annual Meeting to seek the approval of our stockholders:

- To elect five directors to our Board to hold office for the following year until their successors are elected;
- To approve an amendment to our Certificate of Incorporation, as amended (the "Charter"), to effect a reverse stock split of our issued and outstanding shares of Common Stock, at a specific ratio, ranging from two-for-one (2:1) to twenty-for-one (20:1), at any time prior to the one-year anniversary date of the annual meeting, with the exact ratio to be determined by the Board (the "Reverse Split");
- To approve an amendment to our Charter to increase our authorized shares of Common Stock from 125,000,000 to 250,000,000 (the "Authorized Share Increase");
- To approve, on an advisory basis, the executive compensation of the Company's named executive officers as described in this proxy statement;

- To ratify the appointment of KPMG LLP as our independent registered public accounting firm for the year ending September 30, 2022; and
- To consider any other matters that may properly come before the Annual Meeting.

What are the Board's recommendations?

Our Board believes that the election of the director nominees identified herein, the approval of an amendment to our Charter to effect the Reverse Split, the approval of an amendment to our Charter to effect the Authorized Share Increase, the approval, on an advisory basis, of the executive compensation of our named executive officers as described in this proxy statement and the appointment of KPMG LLP as our independent registered public accounting firm for the year ending September 30, 2022 are advisable and in the best interests of the Company and our stockholders and recommends that you vote **FOR** these proposals. If you are a stockholder of record and you return a properly executed proxy card or vote by proxy over the Internet but do not mark the boxes showing how you wish to vote, your shares will be voted in accordance with the recommendations of the Board, as set forth above. With respect to any other matter that properly comes before our Annual Meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, at their own discretion.

Who is entitled to vote at the meeting?

Only holders of record of our common stock at the close of business on the record date, April 4, 2022, are entitled to receive notice of the Annual Meeting and to vote either class of our common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. As of the record date, there were [●] shares of our common stock outstanding. Each share of our common stock is entitled to one vote on each proposal.

1

Who can attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Attendance at the Annual Meeting shall solely be via the Internet at www.viewproxy.com/SONN/2022/VM using the password provided to you after registration. Stockholders will not be able to attend the Annual Meeting at a physical location. Attendees will need to register prior to the meeting in order to receive access to the meeting.

The live webcast of the Annual Meeting will begin promptly at 9:00 a.m. Eastern Time. Online access to the audio webcast will open approximately 30 minutes prior to the start of the Annual Meeting to allow time for our stockholders to log in and test their devices' audio system. We encourage our stockholders to access the meeting in advance of the designated start time.

An online portal will be available to our stockholders at www.FCRvote.com/SONN commencing approximately on or about April [], 2022. By accessing this portal, stockholders will be able to vote in advance of the Annual Meeting. Stockholders may also vote, and submit questions, during the Annual Meeting on www.viewproxy.com/SONN/2022/VM. To demonstrate proof of stock ownership, you will need to enter the control number received with your Notice, proxy card or voting instruction form to submit questions and vote at our Annual Meeting. If you hold your shares in "street name" (that is, through a broker or other nominee), you will need authorization from your broker or nominee in order to vote. We intend to answer questions submitted during the meeting that are pertinent to the Company and the items being brought for stockholder vote at the Annual Meeting, as time permits, and in accordance with the Rules of Conduct for the Annual Meeting. To promote fairness, efficiently use the Company's resources and ensure all stockholder questions are able to be addressed, we will respond to no more than two questions from a single stockholder. We have retained Alliance Advisors, LLC to host our virtual Annual Meeting and to distribute, receive, count and tabulate proxies.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of a majority of the issued and outstanding shares of our common stock entitled to vote at the Annual Meeting will constitute a quorum for our meeting. Signed proxies received but not voted and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

Your vote is important. On or about April [], 2022, we will begin mailing a Notice of Internet Availability of Proxy Materials (the "Notice") as well as the full set of proxy materials to all stockholders of record on our books at the close of business on the record date and will post our proxy materials at www.viewproxy.com/SONN/2022/VM.

You may vote on the Internet, by telephone, by mail or by attending the Annual Meeting and voting electronically (or by ballot if the meeting is held at our offices), all as described below. The Internet and telephone voting procedures are designed to authenticate stockholders by use of a control number and to allow you to confirm that your instructions have been properly recorded. If you vote by telephone or on the Internet, you do not need to return your proxy card or voting instruction card.

Voting at the Annual Meeting

You will have the right to vote at the Annual Meeting.

You will have the right to vote on the day of, or during, the Annual Meeting at www.viewproxy.com/SONN/2022/VM, but the site will only record votes from attending stockholders. To demonstrate proof of stock ownership, you will need to enter the control number received with your Notice, proxy card or voting instruction form to vote at our Annual Meeting.

Even if you plan to attend our Annual Meeting remotely, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend our Annual Meeting.

The shares voted electronically, telephonically, or represented by the proxy cards received, properly marked, dated, signed and not revoked, will be voted at the Annual Meeting.

What if I vote and then change my mind?

You may revoke your proxy at any time before it is exercised by:

- filing with our Secretary a notice of revocation;
- submitting a later-dated vote by telephone or on the Internet;
- sending in another duly executed proxy bearing a later date; or
- attending the Annual Meeting remotely and casting your vote in the manner set forth above.

Your latest vote will be the vote that is counted.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Many of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

3

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Securities Transfer Corporation, you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote at the Annual Meeting.

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker, bank or nominee which is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker as to how to vote and are also invited to attend the Annual Meeting. However, because you are not the stockholder of record, you may not vote these shares unless you obtain a signed proxy from the record holder giving you the right to vote the shares. If you do not vote your shares or otherwise provide the stockholder of record with voting instructions, your shares may constitute broker non-votes. The effect of broker non-votes is more specifically described in “*What vote is required to approve each proposal?*” below.

What vote is required to approve each proposal?

The holders of a majority of the voting power of the common stock issued and outstanding on the record date must be present, in person or by proxy, at the Annual Meeting in order to have the required quorum for the transaction of business. Pursuant to Delaware corporate law, abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present.

With respect to Proposal 1, the election of directors, assuming a quorum is present, the affirmative vote of a majority of the votes present and entitled to vote (in person or represented by proxy) at the Annual Meeting is required to elect each nominee. If any of the incumbent director nominees does not receive a majority vote, under Delaware law he or she will continue to serve on the Board until a successor is elected. As a result, “broker non-votes” (see below), if any, will not affect the outcome of the vote on Proposal 1.

With respect to Proposal 2, the approval of an amendment to our Charter to effect the Reverse Split, the affirmative vote of at least a majority of our issued and outstanding voting securities is required to approve this proposal. As a result, abstentions and “broker non-votes”, if any, will have the same effect as a vote “AGAINST” this proposal. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

With respect to Proposal 3, the approval of an amendment to our Charter to effect the Authorized Share Increase, the affirmative vote of at least a majority of our issued and outstanding voting securities is required to approve this proposal. As a result, abstentions and “broker non-votes”, if any, will have the same effect as a vote “AGAINST” this proposal. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

With respect to Proposal 4, the approval, on an advisory basis, of the executive compensation of the Company’s named executive officers as described in this proxy statement, Proposal 5, the approval of the ratification of the appointment of KPMG LLP, and Proposal 6, the approval of any other matter that may properly come before the Annual Meeting, the affirmative vote of a majority of the votes present and entitled to vote (in person or represented by proxy) at the Annual Meeting, is required to approve these proposals. As a result, “broker non-votes” (see below), if any, will not affect the outcome of the vote on these proposals.

Holders of the common stock will not have any dissenters’ rights of appraisal in connection with any of the matters to be voted on at the meeting.

4

What are “broker non-votes”?

Banks and brokers acting as nominees are permitted to use discretionary voting authority to vote proxies for proposals that are deemed “routine” by the New York Stock

Exchange, but are not permitted to use discretionary voting authority to vote proxies for proposals that are deemed “non-routine” by the New York Stock Exchange. The determination of which proposals are deemed “routine” versus “non-routine” may not be made by the New York Stock Exchange until after the date on which this proxy statement has been mailed to you. As such, it is important that you provide voting instructions to your bank, broker or other nominee, if you wish to determine the voting of your shares. If the New York Stock Exchange determines a proposal to be “non-routine,” failure to vote on Proposals 2 and 3, which require the affirmative vote of at least a majority of our issued and outstanding voting securities, or to instruct your broker how to vote any shares held for you in your broker’s names, will have the same effect as a vote against such proposals.

A broker “non-vote” occurs when a proposal is deemed “non-routine” and a nominee holding shares for a beneficial owner does not have discretionary voting authority with respect to the matter being considered and has not received instructions from the beneficial owner.

Under the applicable rules governing such brokers, we believe Proposal 2 to approve an amendment to our Charter to effect the Reverse Split, Proposal 3 to approve an amendment to our Charter to effect the Authorized Share Increase and Proposal 5 to ratify the appointment of KPMG LLP as our independent registered public accounting firm are likely to be considered “routine” items. This means that brokers may vote using their discretion on such proposals on behalf of beneficial owners who have not furnished voting instructions. In contrast, certain items are considered “non-routine”, and a “broker non-vote” occurs when brokers do not receive voting instructions from beneficial owners with respect to such items because the brokers are not entitled to vote such uninstructed shares. We believe Proposal 1 to elect directors and Proposal 4 to approve, on an advisory basis, the executive compensation of our named executive officers as described in this proxy statement are likely to be considered “non-routine”, which means that brokers cannot vote your uninstructed shares when they do not receive voting instructions from you. Furthermore, if approvals of Proposal 2 and/or Proposal 3 are deemed by the New York Stock Exchange to be “non-routine” matters, brokers will not be permitted to vote on Proposal 2 and/or Proposal 3 if the broker has not received instructions from the beneficial owner. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares for these proposals.

If your shares are held of record by a bank, broker, or other nominee, we urge you to give instructions to your bank, broker, or other nominee as to how you wish your shares to be voted so you may participate in the stockholder voting on these important matters.

How are we soliciting this proxy?

We are soliciting this proxy on behalf of our Board and will pay all expenses associated therewith. Some of our officers and other employees also may, but without compensation other than their regular compensation, solicit proxies by mail or personal conversations, or by telephone, facsimile or other electronic means.

In addition, we have engaged Alliance Advisors, LLC to assist in the solicitation of proxies and provide related informational support, for a services fee, which is not expected to exceed \$7,500.

We will also, upon request, reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their reasonable out-of-pocket expenses for forwarding proxy materials to the beneficial owners of the capital stock and to obtain proxies.

PROPOSAL 1: TO ELECT FIVE DIRECTORS TO THE BOARD OF DIRECTORS TO HOLD OFFICE FOR THE FOLLOWING YEAR UNTIL THEIR SUCCESSORS HAVE BEEN DULY ELECTED AND QUALIFIED

Our Board currently consists of five directors and each of our five directors holds their positions on the Board until the Annual Meeting. Each of the five director nominees named below will stand for election at the Annual Meeting. Each director’s term will then continue until the earlier of the election and qualification of their successor, or their death, resignation or removal. At the recommendation of our Nominating and Corporate Governance Committee, our Board proposes that the five director nominees named below be elected as directors to serve until the 2023 Annual Meeting and until such director’s successor is duly elected and qualified or until such director’s earlier resignation or removal. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term and until the director’s successor is duly elected and qualified.

Directors are elected by a majority of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. If any of the incumbent director nominees does not receive a majority vote, under Delaware law he or she will continue to serve on the Board until a successor is elected. Stockholders may not vote, or submit a proxy, for a greater number of nominees than the five nominees named below. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the five director nominees named below. If any director nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by our Board. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

Nominees for Election for a Term Expiring at the 2023 Annual Meeting

The following table sets forth the name, age, position and tenure of our directors who are up for election at the 2022 Annual Meeting:

CORPORATE GOVERNANCE MATTERS

Board of Director Composition

Our Board currently consists of five members. Our directors hold office until their successors have been elected and qualified or until the earlier of their resignation or removal.

We have no formal policy regarding board diversity. Our priority in selection of board members is identification of members who will further the interests of our stockholders through his or her established record of professional accomplishment, the ability to contribute positively to the collaborative culture among board members, knowledge of our business and understanding of the competitive landscape.

Board of Director Meetings

During our fiscal year ending September 30, 2021, (i) our Board met 9 times; (ii) our audit committee of the Board (the "Audit Committee") met 4 times; (iii) our compensation committee of the Board (the "Compensation Committee") met 2 times and (iv) our nominating and corporate governance committee of the Board (the

“Nominating and Corporate Governance Committee”) acted by written consent during such period. Each director attended at least 75% of the aggregate of (i) the total number of meetings of our Board (held during the period for which such director served on the Board) and (ii) the total number of meetings of all committees of our Board on which such director served (during the periods for which the director served on such committee or committees). We do not have a formal policy requiring members of the Board to attend our annual meetings.

Director Independence

In accordance with the listing standards of The Nasdaq Stock Market LLC (“Nasdaq”), the Board must consist of a majority of independent directors. The Board performed a review to determine the independence of its members and made a subjective determination as to each of these independent directors that no transactions, relationships, or arrangements exist that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board considered several factors including the purchase or sales of goods and/or services between the company and an entity with which a director is affiliated, and reviewed information provided by the directors and our management with regard to each director’s business and personal activities as they may relate to us and our management.

Additionally, Audit Committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee, accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries or be an affiliated person of the listed company or any of its subsidiaries.

Further, each member of our Compensation Committee also must qualify as independent under the listing standards, as “non-employee directors” as defined in Rule 16b-3 promulgated under the Exchange Act and as “outside directors” as that term is defined in Section 162(m) of the Internal Revenue Code of 1986, as amended.

Our Board has undertaken a review of the independence of each director. Based on information provided by each director concerning their background, employment and affiliations, our Board determined that Messrs. Bhatt, Dyrness and Rao are “independent” as that term is defined under the applicable rules and regulations of the Securities and Exchange Commission (the “SEC”) and the listing requirements and rules of Nasdaq. In making these determinations, our Board considered the current and prior relationships that each non-employee director has with our Company and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director, and any transactions involving them described in the section entitled “Transactions with Related Persons.”

Board Committees

Audit Committee

The Board has established an Audit Committee currently consisting of Messrs. Bhatt (Chairman), Dyrness and Rao. Each member of the Audit Committee is “independent” as that term is defined under the applicable rules of the SEC and the applicable rules of Nasdaq. The Board has determined that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the Committee. The Board determined that Mr. Rao is an “audit committee financial expert,” as defined under the applicable rules of the SEC and the applicable rules of The Nasdaq Stock Market. The Company’s Board has adopted an Audit Committee Charter, which is available for viewing at <https://www.sonnetbio.com/investors/corporate-governance/governance-documents>.

Compensation Committee

The Compensation Committee of the Board of Directors is currently composed of the following two non-employee directors: Mr. Rao (Chairman) and Mr. Dyrness. None of these Compensation Committee members was an officer or employee of the Company during the year. Each member of the Compensation Committee is “independent” as that term is defined under the applicable rules of the SEC and the applicable rules of Nasdaq. The responsibilities of the Compensation Committee include overseeing the evaluation of executive officers (including the Chief Executive Officer) of the Company, determining the compensation of executive officers of the Company, and overseeing the management of risks associated therewith. The Compensation Committee determines and approves the Chief Executive Officer’s compensation. The Compensation Committee also administers the Company’s equity-based plans and makes recommendations to the board with respect to actions that are subject to approval of the board regarding such plans. The Compensation Committee also reviews and makes recommendations to the board with respect to the compensation of directors. The Compensation Committee monitors the risks associated with the Company’s compensation policies and practices as contemplated by Item 402(s) of Regulation S-K.

The Company’s Board has adopted a Compensation Committee Charter, which is available for viewing at <https://www.sonnetbio.com/investors/corporate-governance/governance-documents>.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of the Board of Directors is currently composed of Messrs. Bhatt, Dyrness (Chairman) and Rao. The Company’s Board has adopted a Nominating and Corporate Governance Committee Charter, which is available for viewing at <https://www.sonnetbio.com/investors/corporate-governance/governance-documents>.

Stockholder Nominations for Directorships

Our Nominating and Corporate Governance Committee will consider potential director candidates recommended by stockholders as long as the stockholders comply with our Charter and bylaws, in recommending a potential candidate. A stockholder of record can nominate a candidate for election to the Board by complying with the procedures set forth in our bylaws. Stockholders wishing to recommend a candidate for nomination should contact our Secretary in writing at: The Board of Directors, Sonnet BioTherapeutics Holdings, Inc., 100 Overlook Center, Suite 102, Princeton, New Jersey 08540, Attention: Secretary. For more information, please see the section below titled “*Stockholder Proposals*.”

Assuming that the appropriate information is provided for candidates recommended by stockholders, our Nominating and Corporate Governance Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by members of our Board or other persons, as described above and as set forth in our charter.

Board Leadership Structure and Role in Risk Oversight

Currently, Dr. Mohan serves as the Company's Chief Executive Officer and Chairman of the Board. Periodically, our Board will assess the roles of Chairman and Chief Executive Officer, and the Board leadership structure to ensure the interests of the Company and our stockholders are best served. Our Board believes the current combination of the two roles is satisfactory at present. Dr. Mohan, as our Chief Executive Officer and Chairman, has extensive knowledge of all aspects of the Company and its business. The Board has not appointed a Lead Independent Director. We have no policy requiring the combination or separation of leadership roles and our governing documents do not mandate a particular structure.

This has allowed, and will continue to allow, our Board the flexibility to establish the most appropriate structure for the Company at any given time.

While management is responsible for assessing and managing risks for the Company, our Board is responsible for overseeing management's efforts to assess and manage risk. This oversight is conducted primarily by our full Board, which has responsibility for general oversight of risks, and our standing Board committees. Our Board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company. Our Board believes that full and open communication between management and the Board is essential for effective risk management and oversight.

Stockholder Communications

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by committee charters, and subject to advice from legal counsel, our Secretary is primarily responsible for monitoring communications from stockholders and for providing copies or summaries of such communications to the Board as he considers appropriate.

Communications from stockholders will be forwarded to all directors if they relate to important substantive matters or if they include suggestions or comments that the Secretary considers to be important for the Board to know. Communication relating to corporate governance and corporate strategy are more likely to be forwarded to the Board than communications regarding personal grievances, ordinary business matters, and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications to the Board should address such communications to: The Board of Directors, Sonnet BioTherapeutics Holdings, Inc., 100 Overlook Center, Suite 102, Princeton, New Jersey 08540, Attention: Secretary.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to its directors, officers and employees. The purpose of the Code of Business Conduct and Ethics is to deter wrongdoing and to provide guidance to the Company's directors, officers and employees to help them recognize and deal with ethical issues, to provide mechanisms to report unethical or illegal conduct and to contribute positively to the Company's culture of honesty and accountability. The Company's Code of Business Conduct and Ethics is publicly available on the Company's website at <https://www.sonnetbio.com/investors/corporate-governance/governance-documents>. If the Company makes any substantive amendments to the Code of Business Conduct and Ethics or grants any waiver, including any implicit waiver from a provision of the Code of Business Conduct and Ethics to its directors or executive officers, the Company will disclose the nature of such amendments or waiver on its website or in a current report on Form 8-K.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information as of April 4, 2022 with respect to the beneficial ownership of common stock of the Company by the following: (i) each of the Company's current directors; (ii) each of the named executive officers; (iii) all of the current executive officers and directors as a group; and (iv) each person known by the Company to own beneficially more than five percent (5%) of the outstanding shares of the Company's common stock.

For purposes of the following table, beneficial ownership is determined in accordance with the applicable SEC rules and the information is not necessarily indicative of beneficial ownership for any other purpose. Except as otherwise noted in the footnotes to the table, the Company believes that each person or entity named in the table has sole voting and investment power with respect to all shares of the Company's common stock shown as beneficially owned by that person or entity (or shares such power with his or her spouse). Under the SEC's rules, shares of the Company's common stock issuable under options that are exercisable on or within 60 days after April 4, 2022 ("Presently Exercisable Options") are deemed outstanding and therefore included in the number of shares reported as beneficially owned by a person or entity named in the table and are used to compute the percentage of the common stock beneficially owned by that person or entity. These shares are not, however, deemed outstanding for computing the percentage of the common stock beneficially owned by any other person or entity.

The percentage of the common stock beneficially owned by each person or entity named in the following table is based on 60,590,405 shares of common stock issued and outstanding as of April 4, 2022 plus any shares issuable upon exercise of Presently Exercisable Options held by such person or entity.

PROPOSAL 2: APPROVAL OF AN AMENDMENT TO OUR CERTIFICATE OF INCORPORATION, AS AMENDED (THE “CHARTER”), TO EFFECT A REVERSE STOCK SPLIT OF OUR ISSUED AND OUTSTANDING SHARES OF COMMON STOCK, AT A SPECIFIC RATIO, RANGING FROM TWO-FOR-ONE (2:1) TO TWENTY-FOR-ONE (20:1), AT ANY TIME PRIOR TO THE ONE-YEAR ANNIVERSARY DATE OF THE ANNUAL MEETING, WITH THE EXACT RATIO TO BE DETERMINED BY THE BOARD

Overview

Our Board has determined that it is advisable and in the best interests of us and our stockholders, for us to amend our Charter (the “Reverse Split Charter Amendment”), to authorize our Board to effect a reverse stock split of our issued and outstanding shares of Common Stock at a specific ratio, ranging from two-for-one (2:1) to twenty-for-one (20:1) (the “Approved Split Ratios”), to be determined by the Board (the “Reverse Split”). A vote for this Proposal No. 2 will constitute approval of the Reverse Split that, once authorized by the Board and affected by filing the Reverse Split Charter Amendment with the Secretary of State of the State of Delaware, will combine between 2 and 20 shares of our Common Stock into one share of our Common Stock. If implemented, the Reverse Split will have the effect of decreasing the number of shares of our Common Stock issued and outstanding. Because the number of authorized shares of our Common Stock will not be reduced in connection with the Reverse Split, the Reverse Split will result in an effective increase in the authorized number of shares of our Common Stock available for issuance in the future. See “Proposal 3: Approval of an Amendment to Our Charter to Increase Our Authorized Shares of Common Stock from 125,000,000 to 250,000,000” for a discussion of the advantages and disadvantages of an increase in the authorized number of shares of our Common Stock available for issuance in the future.

Accordingly, stockholders are asked to approve the Reverse Split Charter Amendment set forth in Appendix A to effect the Reverse Split consistent with those terms set forth in this Proposal No. 2, and to grant authorization to the Board to determine, in its sole discretion, whether or not to implement the Reverse Split, as well as its specific ratio within the range of the Approved Split Ratios. The text of Appendix A remains subject to modification to include such changes as may be required by the Secretary of State of the State of Delaware and as our Board deems necessary or advisable to implement the Reverse Split.

If approved by the holders of our outstanding voting securities, the Reverse Split would be applied at an Approved Split Ratio approved by the Board prior to the one-year anniversary date of the Annual Meeting and would become effective upon the time specified in the Reverse Split Charter Amendment as filed with the Secretary of State of the State of Delaware. The Board reserves the right to elect to abandon the Reverse Split if it determines, in its sole discretion, that the Reverse Split is no longer in the best interests of us and our stockholders.

Purpose and Rationale for the Reverse Split

Avoid Delisting from the Nasdaq. On October 4, 2021, we received a letter from the Listing Qualifications Department (the “Staff”) of The Nasdaq Stock Market LLC (“Nasdaq”) indicating that, based upon the closing bid price of our Common Stock for the prior 30 consecutive business days, we were not in compliance with the requirement to maintain a minimum bid price of \$1.00 per share for continued listing on Nasdaq, as set forth in Nasdaq Listing Rule 5550(a)(2) (the “Minimum Bid Price Requirement”). We were provided a compliance period of 180 calendar days from the date of the Minimum Bid Price Notice, or until April 4, 2022, to regain compliance with the Minimum Bid Price Requirement, pursuant to Nasdaq Listing Rule 5810(c)(3)(A). On March 21, 2022, we submitted a request to Nasdaq for a 180-day extension to regain compliance with the Minimum Bid Price Requirement (the “Extension Request”). We have not yet received a response from Nasdaq regarding our Extension Request. If Nasdaq approves the Extension Request on April 5, 2022, we would have 180 calendar days from April 5, 2022, or until October 3, 2022, to regain compliance with the Minimum Bid Price Requirement in accordance with Nasdaq Listing Rule 5810(c)(3)(A). If we do not regain compliance within the allotted compliance periods, including any extensions that may be granted by Nasdaq, Nasdaq will provide notice that our Common Stock will be subject to delisting. We would then be entitled to appeal that determination to a Nasdaq hearings panel.

Failure to approve the Reverse Split may potentially have serious, adverse effects on us and our stockholders. Our Common Stock could be delisted from Nasdaq because shares of our Common Stock may continue to trade below the requisite \$1.00 per share price needed to maintain our listing in accordance with the Minimum Bid Price Requirement. Our shares may then trade on the OTC Bulletin Board or other small trading markets, such as the pink sheets. In that event, our Common Stock could trade thinly as a microcap or penny stock, adversely decrease to nominal levels of trading and may be avoided by retail and institutional investors, resulting in the impaired liquidity of our Common Stock.

As of April [], 2022, our Common Stock closed at \$[●] per share on Nasdaq. The Reverse Split, if effected, would have the immediate effect of increasing the price of our Common Stock as reported on Nasdaq, therefore reducing the risk that our Common Stock could be delisted from Nasdaq.

Our Board strongly believes that the Reverse Split is necessary to maintain our listing on Nasdaq. Accordingly, the Board has approved resolutions proposing the Reverse Split Charter Amendment to effect the Reverse Split and directed that it be submitted to our stockholders for approval at the Special Meeting.

Management and the Board have considered the potential harm to us and our stockholders should Nasdaq delist our Common Stock from trading. Delisting could adversely affect the liquidity of our Common Stock since alternatives, such as the OTC Bulletin Board and the pink sheets, are generally considered to be less efficient markets. An investor likely would find it less convenient to sell, or to obtain accurate quotations in seeking to buy, our Common Stock on an over-the-counter market. Many investors likely would not buy or sell our Common Stock due to difficulty in accessing over-the-counter markets, policies preventing them from trading in securities not listed on a national exchange, or other reasons.

20

Other Effects. The Board also believes that the increased market price of our Common Stock expected as a result of implementing the Reverse Split could improve the marketability and liquidity of our Common Stock and will encourage interest and trading in our Common Stock. The Reverse Split, if effected, could allow a broader range of institutions to invest in our Common Stock (namely, funds that are prohibited from buying stock whose price is below a certain threshold), potentially increasing the trading volume and liquidity of our Common Stock. The Reverse Split could help increase analyst and broker's interest in Common Stock, as their policies can discourage them from following or recommending companies with low stock prices. Because of the trading volatility often associated with low-priced stocks, many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices may make the processing of trades in low-priced stocks economically unattractive to brokers. Additionally, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, a low average price per share of our Common Stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were higher.

Our Board does not intend for this transaction to be the first step in a series of plans or proposals effect a "going private transaction" within the meaning of Rule 13e-3 of the Exchange Act.

In addition, because the number of authorized shares of our Common Stock will not be reduced, the Reverse Split will result in an effective increase in the authorized number of shares of our Common Stock. The effect of the relative increase in the amount of authorized and unissued shares of our Common Stock would allow us to issue additional shares of Common Stock in connection with future financings, employee and director benefit programs and other desirable corporate activities, without requiring our stockholders to approve an increase in the authorized number of shares of Common Stock each time such an action is contemplated.

Risks of the Proposed Reverse Split

We cannot assure you that the proposed Reverse Split will increase the price of our Common Stock and have the desired effect of maintaining compliance with Nasdaq

If the Reverse Split is implemented, our Board expects that it will increase the market price of our Common Stock so that we are able to regain and maintain compliance with the Nasdaq minimum bid price requirement. However, the effect of the Reverse Split upon the market price of our Common Stock cannot be predicted with any certainty, and the history of similar stock splits for companies in like circumstances is varied. It is possible that (i) the per share price of our Common Stock after the Reverse Split will not rise in proportion to the reduction in the number of shares of our Common Stock outstanding resulting from the Reverse Split, (ii) the market price per post-Reverse Split share may not exceed or remain in excess of the \$1.00 minimum bid price for a sustained period of time, or (iii) the Reverse Split may not result in a per share price that would attract brokers and investors who do not trade in lower priced stocks. Even if the Reverse Split is implemented, the market price of our Common Stock may decrease due to factors unrelated to the Reverse Split. In any case, the market price of our Common Stock will be based on other factors which may be unrelated to the number of shares outstanding, including our future performance. If the Reverse Split is consummated and the trading price of our Common Stock declines, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of the Reverse Split. Even if the market price per post-Reverse Split share of our Common Stock remains in excess of \$1.00 per share, we may be delisted due to a failure to meet other continued listing requirements, including Nasdaq requirements related to the minimum number of shares that must be in the public float and the minimum market value of the public float.

A decline in the market price of our Common Stock after the Reverse Split is implemented may result in a greater percentage decline than would occur in the absence of a reverse stock split.

If the Reverse Split is implemented and the market price of our Common Stock declines, the percentage decline may be greater than would occur in the absence of a reverse stock split. The market price of our Common Stock will, however, also be based upon our performance and other factors, which are unrelated to the number of shares of Common Stock outstanding.

The proposed Reverse Split may decrease the liquidity of our Common Stock.

The liquidity of our Common Stock may be harmed by the proposed Reverse Split given the reduced number of shares of Common Stock that would be outstanding after the Reverse Split, particularly if the stock price does not increase as a result of the Reverse Split.

Determination of the Ratio for the Reverse Split

If Proposal No. 2 is approved by stockholders and the Board determines that it is in the best interests of the Company and its stockholders to move forward with the Reverse Split, the Approved Split Ratio will be selected by the Board, in its sole discretion. However, the Approved Split Ratio will not be less than a ratio of two-for-one (2:1) or exceed a ratio of twenty-for-one (20:1). In determining which Approved Split Ratio to use, the Board will consider numerous factors, including the historical and projected performance of our Common Stock, prevailing market conditions and general economic trends, and will place emphasis on the expected closing price of our Common Stock in the period following the effectiveness of the Reverse Split. The Board will also consider the impact of the Approved Split Ratios on investor interest. The purpose of selecting a range is to give the Board the flexibility to meet business needs as they arise, to take advantage of favorable opportunities and to respond to a changing corporate environment. Based on the number of shares of Common Stock issued and outstanding as of April 4, 2022, after completion of the Reverse Split, we will have between 30,295,203 and 3,029,520 shares of Common Stock issued and outstanding, depending on the Approved Split Ratio selected by the Board.

Principal Effects of the Reverse Split

After the effective date of the proposed Reverse Split, each stockholder will own a reduced number of shares of Common Stock. Except for adjustments that may result from the treatment of fractional shares as described below, the proposed Reverse Split will affect all stockholders uniformly. The proportionate voting rights and other rights and preferences of the holders of our Common Stock will not be affected by the proposed Reverse Split (other than as a result of the payment of cash in lieu of fractional shares). For example, a holder of 2% of the voting power of the outstanding shares of our Common Stock immediately prior to a Reverse Split would continue to hold 2% of the voting power of the outstanding shares of our Common Stock immediately after such Reverse Split. The number of stockholders of record also will not be affected by the proposed Reverse Split, except to the extent that any stockholder holds only a fractional share interest and receives cash for such interest after the Reverse Split.

The following table contains approximate number of issued and outstanding shares of Common Stock, and the estimated per share trading price following a 2:1 to 20:1 Reverse Split, without giving effect to any adjustments for fractional shares of Common Stock or the issuance of any derivative securities, as of April 4, 2022.

After Each Reverse Split Ratio

	Current	2:1	7:1	14:1	20:1
Common Stock Authorized(1)	125,000,000	125,000,000	125,000,000	125,000,000	125,000,000
Common Stock Issued and Outstanding	60,590,405	30,295,203	8,655,772	4,327,886	3,029,520
Number of Shares of Common Stock Reserved for Issuance (2)	54,873,735	27,436,868	7,839,105	3,919,553	2,743,687

Number of Shares of Common Stock Authorized but Unissued and Unreserved	9,535,860	67,267,930	108,505,123	116,752,561	119,226,793
Price per share, based on the closing price of our Common Stock on April [], 2022	[]	[]	[]	[]	[]

(1) The Reverse Split will not have any impact in the number of shares of Common Stock we are authorized to issue under our Charter.

(2) Includes (i) warrants to purchase an aggregate of 51,789,524 shares of common stock with a weighted average exercise price of \$1.45 per share, (ii) 674,185 shares of Common Stock underlying unvested restricted stock units and (iii) 2,410,026 shares of Common Stock reserved for future issuance under the 2020 Omnibus Equity Incentive Plan.

After the effective date of the Reverse Split, our Common Stock would have a new committee on uniform securities identification procedures (CUSIP) number, a number used to identify our Common Stock.

Our Common Stock is currently registered under Section 12(b) of the Exchange Act, and we are subject to the periodic reporting and other requirements of the Exchange Act. The proposed Reverse Split will not affect the registration of our Common Stock under the Exchange Act. Our Common Stock would continue to be reported on Nasdaq under the symbol "SONN", assuming that we are able to regain compliance with the minimum bid price requirement, although it is likely that Nasdaq would add the letter "D" to the end of the trading symbol for a period of twenty trading days after the effective date of the Reverse Split to indicate that the Reverse Split had occurred.

Effect on Outstanding Derivative Securities

The Reverse Split will require that proportionate adjustments be made to the conversion rate, the per share exercise price and the number of shares issuable upon the vesting, exercise or conversion of the following outstanding derivative securities issued by us, in accordance with the Approved Split Ratio (all figures are as of April 4, 2022 and are on a pre-Reverse Split basis), including:

- 674,185 shares of Common Stock underlying unvested restricted stock units outstanding as of April 4, 2022; and
- 51,789,524 shares of Common Stock issuable upon the exercise of warrants outstanding as of April 4, 2022, with a weighted average exercise price of \$1.45 per share.

The adjustments to the above securities, as required by the Reverse Split and in accordance with the Approved Split Ratio, would result in approximately the same aggregate price being required to be paid under such securities upon exercise, and approximately the same value of shares of Common Stock being delivered upon such exercise or conversion, immediately following the Reverse Split as was the case immediately preceding the Reverse Split.

Effect on Stock Option Plans

As of April 4, 2022, we had 674,185 shares of Common Stock underlying unvested restricted stock units, as well as 2,410,026 shares of Common Stock available for issuance under our 2020 Omnibus Equity Incentive Plan (the "2020 Plan"). Pursuant to the terms of the 2020 Plan, the Board, or a designated committee thereof, as applicable, will adjust the number of shares of Common Stock underlying outstanding awards, the exercise price per share of outstanding stock options and other terms of outstanding awards issued pursuant to the 2020 Plan to equitably reflect the effects of the Reverse Split. The number of shares subject to vesting under restricted stock awards and the number of shares issuable as contingent consideration as part of an acquisition by the Company will be similarly adjusted, subject to our treatment of fractional shares. Furthermore, the number of shares available for future grant under the 2020 Plan will be similarly adjusted.

Effective Date

The proposed Reverse Split would become effective on the date of filing of the Reverse Split Charter Amendment with the office of the Secretary of State of the State of Delaware. On the effective date, shares of Common Stock issued and outstanding shares of Common Stock held in treasury, in each case, immediately prior thereto will be combined and converted, automatically and without any action on the part of our stockholders, into new shares of Common Stock in accordance with the Approved Split Ratio set forth in this Proposal No. 2. If the proposed Reverse Split Charter Amendment is not approved by our stockholders, the Reverse Split will not occur.

Treatment of Fractional Shares

No fractional shares of Common Stock will be issued as a result of the Reverse Split. Instead, in lieu of any fractional shares to which a stockholder of record would otherwise be entitled as a result of the Reverse Split, we will pay cash (without interest) equal to such fraction multiplied by the average of the closing sales prices of our Common Stock on the Nasdaq during regular trading hours for the five consecutive trading days immediately preceding the effective date of the Reverse Split (with such average closing sales prices being adjusted to give effect to the Reverse Split). After the Reverse Split, a stockholder otherwise entitled to a fractional interest will not have any voting, dividend or other rights with respect to such fractional interest except to receive payment as described above.

Upon stockholder approval of this Proposal No. 2, if the Board elects to implement the proposed Reverse Split, stockholders owning fractional shares will be paid out in cash for such fractional shares. For example, assuming the Board elected to consummate an Approved Split Ratio of 5:1, if a stockholder held six shares of Common Stock immediately prior to the Reverse Split, then such stockholder would be paid in cash for the one share of Common Stock but will maintain ownership of the remaining share of Common Stock.

Record and Beneficial Stockholders

If the Reverse Split is authorized by our stockholders and our Board elects to implement the Reverse Split, stockholders of record holding some or all of their shares of Common Stock electronically in book-entry form under the direct registration system for securities will receive a transaction statement at their address of record indicating the number of shares of Common Stock they hold after the Reverse Split along with payment in lieu of any fractional shares. Non-registered stockholders holding Common Stock through a bank, broker or other nominee should note that such banks, brokers or other nominees may have different procedures for processing the consolidation and making payment for fractional shares than those that would be put in place by us for registered stockholders. If you hold your shares with such a bank, broker or other nominee and if you have questions in this regard, you are encouraged to contact your nominee.

If the Reverse Split is authorized by the stockholders and our Board elects to implement the Reverse Split, stockholders of record holding some or all of their shares in certificate form will receive a letter of transmittal, as soon as practicable after the effective date of the Reverse Split. Our transfer agent will act as "exchange agent" for the purpose of implementing the exchange of stock certificates. Holders of pre-Reverse Split shares will be asked to surrender to the exchange agent certificates representing pre-Reverse Split shares in exchange for post-Reverse Split shares and payment in lieu of fractional shares (if any) in accordance with the procedures to be set forth in the letter of transmittal. Until surrender, each certificate representing shares before the Reverse Split would continue to be valid and would represent the adjusted number of whole shares based on the approved exchange ratio of the Reverse Split selected by the Board. No new post-Reverse Split share certificates will be issued to a stockholder until such

stockholder has surrendered such stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the exchange agent.

STOCKHOLDERS SHOULD NOT DESTROY ANY PRE-SPLIT STOCK CERTIFICATE AND SHOULD NOT SUBMIT ANY CERTIFICATES UNTIL THEY ARE REQUESTED TO DO SO.

Accounting Consequences

The par value per share of Common Stock would remain unchanged at \$0.0001 per share after the Reverse Split. As a result, on the effective date of the Reverse Split, the stated capital on our balance sheet attributable to the Common Stock will be reduced proportionally, based on the Approved Split Ratio selected by the Board, from its present amount, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The per share Common Stock net income or loss and net book value will be increased because there will be fewer shares of Common Stock outstanding. The shares of Common Stock held in treasury, if any, will also be reduced proportionately based on the Approved Split Ratio selected by the Board. Retroactive restatement will be given to all share numbers in the financial statements, and accordingly all amounts including per share amounts will be shown on a post-split basis. We do not anticipate that any other accounting consequences would arise as a result of the Reverse Split.

No Appraisal Rights

Our stockholders are not entitled to dissenters' or appraisal rights under the Delaware General Corporation Law with respect to this Proposal No. 2 and we will not independently provide our stockholders with any such right if the Reverse Split is implemented.

Material Federal U.S. Income Tax Consequences of the Reverse Split

The following is a summary of certain material U.S. federal income tax consequences of a Reverse Split to our stockholders. The summary is based on the Internal Revenue Code of 1986, as amended (the "Code"), applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices as in effect on the date of this Proxy Statement. Changes to the laws could alter the tax consequences described below, possibly with retroactive effect. We have not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of a Reverse Split. This discussion only addresses stockholders who hold Common Stock as capital assets. It does not purport to be complete and does not address stockholders subject to special tax treatment under the Code, including, without limitation, financial institutions, tax-exempt organizations, insurance companies, dealers in securities, foreign stockholders, stockholders who hold their pre-reverse stock split shares as part of a straddle, hedge or conversion transaction, and stockholders who acquired their pre-reverse stock split shares pursuant to the exercise of employee stock options or otherwise as compensation. If a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) is the beneficial owner of our common stock, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. Accordingly, partnerships (and other entities treated as partnerships for U.S. federal income tax purpose) holding our common stock and the partners in such entities should consult their own tax advisors regarding the U.S. federal income tax consequences of the proposed Reverse Split to them. In addition, the following discussion does not address the tax consequences of the Reverse Split under state, local and foreign tax laws. Furthermore, the following discussion does not address any tax consequences of transactions effectuated before, after or at the same time as the Reverse Split, whether or not they are in connection with the Reverse Split.

24

In general, the federal income tax consequences of a Reverse Split will vary among stockholders depending upon whether they receive cash for fractional shares or solely a reduced number of shares of Common Stock in exchange for their old shares of Common Stock. We believe that because the Reverse Split is not part of a plan to increase periodically a stockholder's proportionate interest in our assets or earnings and profits, the Reverse Split should have the following federal income tax effects. The Reverse Split is expected to constitute a "recapitalization" for U.S. federal income tax purposes pursuant to Section 368(a)(1)(E) of the Code. A stockholder who receives solely a reduced number of shares of Common Stock will not recognize gain or loss. In the aggregate, such a stockholder's basis in the reduced number of shares of Common Stock will equal the stockholder's basis in its old shares of Common Stock and such stockholder's holding period in the reduced number of shares will include the holding period in its old shares exchanged. The Treasury Regulations provide detailed rules for allocating the tax basis and holding period of shares of common stock surrendered in a recapitalization to shares received in the recapitalization. Stockholders of our common stock acquired on different dates and at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

A stockholder that, pursuant to the proposed Reverse Split, receives cash in lieu of a fractional share of our common stock should recognize capital gain or loss in an amount equal to the difference, if any, between the amount of cash received and the portion of the stockholder's aggregate adjusted tax basis in the shares of our common stock surrendered that is allocated to such fractional share. Such capital gain or loss will be short term if the pre-Reverse Split shares were held for one year or less at the effective time of the Reverse Split and long term if held for more than one year. Stockholders should consult their own tax advisors regarding the tax consequences to them of a payment for fractional shares.

We will not recognize any gain or loss as a result of the proposed Reverse Split.

A stockholder of our common stock may be subject to information reporting and backup withholding on cash paid in lieu of a fractional share in connection with the proposed Reverse Split. A stockholder of our common stock will be subject to backup withholding if such stockholder is not otherwise exempt and such stockholder does not provide its taxpayer identification number in the manner required or otherwise fails to comply with backup withholding tax rules. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be refunded or allowed as a credit against a stockholder's U.S. federal income tax liability, if any, provided the required information is timely furnished to the Internal Revenue Service. Stockholders of our common stock should consult their own tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption.

THE PRECEDING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN FEDERAL U.S. INCOME TAX CONSEQUENCES OF THE REVERSE SPLIT AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL POTENTIAL TAX EFFECTS RELEVANT THERETO. YOU SHOULD CONSULT YOUR OWN TAX ADVISORS AS TO THE PARTICULAR FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX CONSEQUENCES OF THE REVERSE SPLIT IN LIGHT OF YOUR SPECIFIC CIRCUMSTANCES.

Required Vote and Recommendation

In accordance with our Charter and Delaware law, approval and adoption of this Proposal No. 2 requires the affirmative vote of at least a majority of our issued and outstanding voting securities. Abstentions and broker non-votes with respect to this proposal will be counted for purposes of establishing a quorum and, if a quorum is present, abstentions, and broker non-votes, if this Proposal 2 is deemed to be a "non-routine" matter as further discussed in *What are broker non-votes?*, will have the same practical effect as a vote against this proposal.

THE BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL OF AN AMENDMENT TO THE CHARTER TO EFFECT THE REVERSE SPLIT.

25

AUTHORIZED SHARES OF COMMON STOCK FROM 125,000,000 TO 250,000,000

Our board has approved, subject to shareholder approval, an amendment to our Charter to increase our authorized shares of common stock from 125,000,000 to 250,000,000 (the “Authorized Shares Charter Amendment”). The increase in our authorized shares of common stock will become effective upon the filing of the Authorized Shares Charter Amendment with the Secretary of State of the State of Delaware. If the Authorized Shares Charter Amendment is approved by the stockholders at the Annual Meeting, we intend to file the Authorized Shares Charter Amendment as soon as practicable following the Annual Meeting. Our board reserves the right, notwithstanding stockholder approval of the Authorized Shares Charter Amendment and without further action by our stockholders, not to proceed with the Authorized Shares Charter Amendment at any time before it becomes effective. Even if our stockholders approve Proposal 2, if this Proposal 3 is approved by our stockholders, our Board intends to file the Authorized Shares Charter Amendment with the Secretary of State of the State of Delaware.

The form of Authorized Shares Charter Amendment is set forth as Appendix B to this Proxy Statement (subject to any changes required by applicable law).

Outstanding Shares and Purpose of the Proposal

Our Charter currently authorizes us to issue a maximum of 125,000,000 shares of Common Stock and 5,000,000 shares of preferred stock, \$.0001 par value per share. As of the record date, we had no shares of preferred stock issued and outstanding and the Authorized Shares Charter Amendment does not affect the number of authorized shares of preferred stock. Our issued and outstanding securities, as of the record date, are as follows:

- 60,590,405 shares of Common Stock;
- warrants to purchase an aggregate of 51,789,524 shares of common stock with a weighted average exercise price of \$1.45 per share;
- 674,185 shares of Common Stock underlying unvested restricted stock units; and
- 2,410,026 shares of Common Stock reserved for future issuance under the 2020 Omnibus Equity Incentive Plan.

The approval of the Authorized Shares Charter Amendment is important for our ongoing business. Our Board believes it would be prudent and advisable to have the additional shares available to provide additional flexibility regarding the potential use of shares of common stock for business and financial purposes in the future. Having an increased number of authorized but unissued shares of common stock would allow us to take prompt action with respect to corporate opportunities that develop, without the delay and expense of convening a special meeting of stockholders for the purpose of approving an increase in our authorized shares. The additional shares could be used for various purposes without further stockholder approval. These purposes may include: (i) raising capital, if we have an appropriate opportunity, through offerings of common stock or securities that are convertible into common stock; (ii) expanding our business through potential strategic transactions, including mergers, acquisitions, licensing transactions and other business combinations or acquisitions of new product candidates or products; (iii) establishing strategic relationships with other companies; (iv) exchanges of common stock or securities that are convertible into common stock for other outstanding securities; (v) providing equity incentives pursuant to our 2020 Plan, or another plan we may adopt in the future, to attract and retain employees, officers or directors; and (vi) other general corporate purposes. We intend to use the additional shares of Common Stock that will be available to undertake any such issuances described above. Because it is anticipated that our directors and executive officers will be granted additional equity awards under our 2020 Plan, or another plan we adopt in the future, they may be deemed to have an indirect interest in the Authorized Shares Charter Amendment, because absent the Authorized Shares Charter Amendment, we may not have sufficient authorized shares to grant such awards.

The increase in authorized shares of our Common Stock under the Authorized Shares Charter Amendment will not have any immediate effect on the rights of existing stockholders. However, because the holders of our Common Stock do not have any preemptive rights, future issuance of shares of Common Stock or securities exercisable for or convertible into shares of Common Stock could have a dilutive effect on our earnings per share, book value per share, voting rights of stockholders and could have a negative effect on the price of our Common Stock.

26

Disadvantages to an increase in the number of authorized shares of Common Stock may include:

- Stockholders may experience further dilution of their ownership.
- Stockholders will not have any preemptive or similar rights to subscribe for or purchase any additional shares of Common Stock that may be issued in the future, and therefore, future issuances of Common Stock, depending on the circumstances, will have a dilutive effect on the earnings per share, voting power and other interests of our existing stockholders.
- The additional shares of Common for which authorization is sought in this proposal would be part of the existing class of Common Stock and, if and when issued, would have the same rights and privileges as the shares of Common Stock presently outstanding.
- The issuance of authorized but unissued shares of Common Stock could be used to deter a potential takeover of us that may otherwise be beneficial to stockholders by diluting the shares held by a potential suitor or issuing shares to a stockholder that will vote in accordance with the Board’s desires. A takeover may be beneficial to independent stockholders because, among other reasons, a potential suitor may offer such stockholders a premium for their shares of stock compared to the then-existing market price. We do not have any plans or proposals to adopt provisions or enter into agreements that may have material anti-takeover consequences.

We have no specific plan, commitment, arrangement, understanding or agreement, either oral or written, regarding the issuance of Common Stock subsequent to this proposed increase in the number of authorized shares at this time, and we have not allocated any specific portion of the proposed increase in the authorized number of shares to any particular purpose. However, we have in the past conducted certain public and private offerings of Common Stock and warrants, and we will continue to require additional capital in the near future to fund our operations. As a result, it is foreseeable that we will seek to issue such additional shares of Common Stock in connection with any such capital raising activities, or any of the other activities described above. The Board does not intend to issue any Common Stock or securities convertible into Common Stock except on terms that the Board deems to be in the best interests of us and our stockholders. We are therefore requesting our stockholders approve this proposal to amend our Charter to increase our authorized shares of Common Stock from 125,000,000 shares to 250,000,000 shares.

Required Vote and Recommendation

In accordance with our Charter and Delaware law, approval and adoption of this Proposal No. 3 requires the affirmative vote of at least a majority of our issued and outstanding voting securities. Abstentions and broker non-votes with respect to this proposal will be counted for purposes of establishing a quorum and, if a quorum is present, abstentions, and broker non-votes, if this Proposal 3 is deemed to be a “non-routine” matter as further discussed in *What are broker non-votes?*, will have the same practical effect as a vote against this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF AN AMENDMENT TO OUR CHARTER TO INCREASE OUR AUTHORIZED SHARES OF COMMON STOCK FROM 125,000,000 SHARES TO 250,000,000 SHARES.

**PROPOSAL 4: APPROVAL, ON AN ADVISORY BASIS, OF THE EXECUTIVE
COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AS
DESCRIBED IN THIS PROXY STATEMENT**

At our 2019 annual meeting of stockholders, we conducted a non-binding stockholder vote on the frequency of future say-on-pay votes (commonly known as a "Say-When-on-Pay" vote). We recommended that such votes be conducted every three years and our stockholders approved that recommendation. We will hold a say-on-pay vote at a frequency of three years through 2025, when the next stockholder vote on the frequency of say-on-pay votes is required under the Securities Exchange Act of 1934, as amended, or until the Board otherwise determines that a different frequency for such votes is in the best interests of our stockholders.

Q: What are you voting on?

A: In accordance with Section 14A of the Securities Exchange Act of 1934, we are asking stockholders to vote, on an advisory basis, on:

Say-on-pay. Approval of the compensation of our named executive officers as disclosed in this proxy statement, including the various compensation tables and the related narrative disclosures (Proposal 4).

Q: Why does your Board recommend a vote "FOR" the say-on-pay proposal (Proposal 4)?

A: The Board believes that our compensation policies and practices are effective in achieving our goals of motivating and retaining our executives by:

- rewarding excellence in leadership and sustained financial performance; and
- aligning our executives' interests with those of our stockholders to create long-term value.

Q: What are the effects of these votes?

A: Proposal 4 is advisory, and non-binding on our Board. However, the Board and the Compensation Committee will review and consider the results of these votes when evaluating our executive compensation program.

Proposal 4 is as follows:

Proposal 4:

"Resolved, that the compensation of our named executive officers, as described in our proxy statement for the 2022 Annual Meeting of Stockholders, including the various compensation tables and the related narrative disclosures, is hereby APPROVED."

**THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE
APPROVAL, ON AN ADVISORY BASIS, OF THE EXECUTIVE COMPENSATION OF THE
COMPANY'S NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT**

**PROPOSAL 5: RATIFICATION OF THE APPOINTMENT OF OUR
REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has reappointed KPMG LLP as our independent registered public accounting firm to audit the financial statements of Sonnet for the fiscal year ending September 30, 2022, and has further directed that management submit their selection of independent registered public accounting firm for ratification by our stockholders at the Annual Meeting. Neither the accounting firm nor any of its members has any direct or indirect financial interest in or any connection with us in any capacity other than as a public registered accounting firm.

Principal Accountant Fees and Services

The following table summarizes the fees paid for professional services rendered by KPMG LLP, our independent registered public accounting firm, for each of the last two fiscal years:

Fee Category	2021	2020
Audit Fees	\$ 509,500	\$ 521,611
Audit-Related Fees	\$ —	\$ —
Tax Fees	\$ 34,000	\$ 12,500
All Other Fees	\$ —	\$ —
Total Fees	\$ 543,500	\$ 534,111

Audit Fees

Represents fees for professional services provided in connection with the audit of the Company's annual consolidated financial statements and reviews of the Company's quarterly interim consolidated financial statements.

Audit-Related Fees

Fees related to review of registration statements, acquisition due diligence and statutory audits.

Tax Fees

Tax fees are associated with tax compliance, tax advice, tax planning and tax preparation services.

Pre-Approval Policy and Procedures

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent auditors. The Audit Committee is required to review and approve the proposed retention of independent auditors to perform any proposed auditing and non-auditing services as outlined in its charter. The Audit Committee has not established policies and procedures separate from its charter concerning the pre-approval of auditing and non-auditing related services. As required by Section 10A of the Exchange Act, our Audit Committee has authorized all auditing and non-auditing services provided by KPMG LLP during 2021 and 2020 and the fees paid for such services. However, the pre-approval requirement may be waived with respect to the provision of non-audit services for the Company if the "de minimis" provisions of Section 10A(i)(1) (B) of the Exchange Act are satisfied.

The Audit Committee has considered whether the provision of Audit-Related Fees, Tax Fees, and all other fees as described above is compatible with maintaining KPMG LLP's independence and has determined that such services for fiscal years 2021 and 2020 were compatible. All such services were approved by the Audit Committee pursuant to Rule 2-01 of Regulation S-X under the Exchange Act to the extent that rule was applicable.

Review of Financial Statements

The Audit Committee is responsible for reviewing and discussing the audited consolidated financial statements with management, discussing with the independent registered public accountants the matters required by Public Company Accounting Oversight Board Auditing Standard No. 1301 *Communications with Audit Committees*, receiving written disclosures from the independent registered public accountants required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountants' communications with the Audit Committee concerning independence and discussing with the independent registered public accountants their independence, and recommending to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K.

Attendance at Annual Meeting

Representatives of KPMG LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from stockholders.

Changes in Accountants

On May 16, 2020, the Audit Committee (the "Audit Committee") of the Board of the Company dismissed Cherry Bekaert LLP ("Cherry Bekaert") as the Company's independent registered public accounting firm, effectively immediately, and approved the appointment of KPMG as the Company's new independent registered public accounting firm, effective immediately.

The reports of Cherry Bekaert on the Company's consolidated financial statements for the fiscal years ended December 31, 2019 and 2018 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles except that, the reports on the consolidated financial statements of the Company as of and for the years ended December 31, 2019 and 2018, each contained a separate explanatory paragraph regarding substantial doubt about the Company's ability to continue as a going concern.

During the fiscal years ended December 31, 2019 and 2018 and the subsequent interim period through May 16, 2020, there have been no "disagreements" (as defined in Item 304(a)(1)(iv) of Regulation S-K and related instructions) with Cherry Bekaert on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Cherry Bekaert, would have caused Cherry Bekaert to make reference thereto in their reports on the consolidated financial statements for such fiscal years.

During the fiscal years ended December 31, 2019 and 2018 and any subsequent interim period through May 16, 2020, there have been no "reportable events" (as defined in Item 304(a)(1)(v) of Regulation S-K).

The Company has provided Cherry Bekaert with a copy of the disclosure it is making herein in response to Item 304(a) of Regulation S-K.

During the fiscal years ended September 30, 2019 and 2018 and the subsequent interim period through May 16, 2020, neither the Company, nor anyone on its behalf, consulted KPMG regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the financial statements of the Company, and no written report or oral advice was provided to the Company by KPMG that KPMG concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a "disagreement" (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a "reportable event" (as that term is defined in Item 304(a)(1)(v) of Regulation S-K).

Approval Required

The approval of the ratification of the appointment of KPMG as our independent registered accounting firm for the year ending September 30, 2022 will require the affirmative vote of a majority of the votes present and entitled to vote (in person or represented by proxy) at the Annual Meeting. As a result, "broker non-vote," if any, will not affect the outcome of the vote on Proposal 5.

Abstentions have the same effect as a vote "AGAINST" the proposal because an abstention represents a share entitled to vote and thus is included in the denominator. Only "FOR" and "AGAINST" votes are counted for purposes of determining the votes received in connection with the proposal.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE
RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE
COMPANY'S INDEPENDENT REGISTERED ACCOUNTING FIRM FOR THE
YEAR ENDING SEPTEMBER 30, 2022.**
