Annoyingly we have to delay the shareholder vote for 2 weeks. In order to close we need 50+% of the outstanding shares to vote in favor of the deal. While over 95% of the votes that have been received to date have voted in favor we are still lacking the requisite total number of votes to get to the finish line. We are confident that we will be able to achieve this by the December 2 date that we have set.

IF YOU ARE A \$SONN SHAREHOLDER AND HAVEN'T VOTED YET
PLEASE DO ASAP. DM ME IF YOU NEED HELP VOTING!
